

THE UNIVERSAL CHRIST

By Richard Rohr

Essay by Marlene Delorenzo

Usually I use library books for our group but it just so happened that this book wasn't readily available. I was reluctant to purchase this book and now can honestly say it was one of my best investments...THIS BOOK IS GREAT!

Every chapter was educational and left me full of love, joy and with more and more encouragement to look at ALL of creation with Christ-like eyes.

A few of my favorites were; The Feminine Incarnation, The Resurrection Journey, A Dialogue with the Crucified God, The Divine Mirror, Love After Love and Appendix II. Again...just to name a few.

Much thanks goes to Richard for choosing this book...WONDERFUL choice!!!👍👍👍😊
